

Would you like to be a Team Manager?

We are looking to encourage swimmer's parents to consider training to become a team manager. The team manager plays a vital role at every swimming meet looking after and coordinating the swimmers on poolside

You need to be DBS checked
Go on a TM1 course and
Safe Guarding & Protecting children course (within 3 months of TM1)

You can start at our local home run galas.

You can progress to Away galas.

You can progress to Overseas galas and camps too!

We recommend you attend a short training course in the future as and when they come around, they only last 3 hours and may be run in house!
There is a TM 1 – basic and a TM2 for away camps if you want more!

It is a great way to get involved in the club as a volunteer, being part of a team with other team managers and being on poolside where you can still see your child swimming.

You may not have to team manage at every meet your child swims in but the more team managers we have the more the job can be shared around.

If you think you might be interested in becoming a team manager or for more information please contact **Michelle Watkiss**, michelle.watkiss@btinternet.com
